

Dear Rodolfo,

Thank you so very much for making the long journey to speak at the BSR conference in Seattle earlier this month - and especially for your flexibility with the last minute changes in the session!

Many conference participants commented that they found your session to be particularly interesting and useful, and all of us here at BSR continue to admire the great work that Natura does.

Once again, Rodolfo, thank you for your generous assistance. If ever you find yourself in San Francisco, please do come visit us at the BSR office! Best regards, Nateline
